Have you ever wondered what you animal was thinking as it looked up at you with shining eyes? Amelia Kinkade knows! And she can teach YOU to understand your animal's thoughts, too. Here's the opportunity to discover what your animal wants, needs, feels, and REALLY thinks. Your discoveries will astound you!

Amelia will take you on a magical journey into the heart of your innate power where you will rekindle your psychic senses and ignite your ability to communicate with other species. Amelia will help you hone these skills as you reach out with love to commune with animal friends. Amelia proves that telepathic ability is not a God-given gift, but a learned skill available to all of us.

Distill and develop your psychic abilities as Amelia reveals the secrets of:

- **Clairvoyance: (Clear-seeing)** The ability to exchange mental pictures & even "film-clips" (moving sequences of events) to & from the mind of your animal friends.
- **Clairsentience: (Clear-feeling)** The ability to send and receive emotion to and from your animal friends.
- **Clairaudience: (Clear-hearing)** The ability to hear telepathic information in whatever language you speak.
- **X-ray Vision: (Medical Gestalt)** The ability to use your body as an instrument to determine if and where your animals are in pain.
- **Starlight Vision: (Mediumship)** The ability to send & receive messages from beloved animal friends on the "Other Side."
- **Photo Talk: (Remote viewing)** How to connect to distant animals using nothing but a photograph of the animal.

Amelia Kinkade is an international speaker and the author of "Straight From the Horse's Mouth: How to Talk to Animals and Get Answers, and The Language of Miracles" (New World Library). She was featured in The 100 Top Psychics in America, and has recently been spotlighted by the New York Times, ABC Online, Good Housekeeping Magazine, The London Sunday News of the World, and hundreds of other newspaper and magazines. Her remarkable abilities have earned her appearances on shows such as Extra, The View, Jenny Jones, The Other Half, the James Van Praagh Show, the Australian Today Show, Carte Blanche in S. Africa, the Animal Planet Network, as well as numerous BBC talk shows. Her greatest honor was working with the horses of Queen Elizabeth in Buckingham Palace the Second. Her passions include working with White Lions, cheetah, and elephants in Africa and helping charities worldwide with their fund-raising.

### August 19-21, 2011: ZURICH SWITZERLAND

This event will take place in a stunning farmhouse in the countryside, just a stone's throw from the alps, where cowbells echo across the most divine mountain range in the world while cows graze blissfully on the lush green hills. Amelia is utterly thrilled to greet her fans again in Switzerland and this serene backdrop will be the perfect place for you to learn to "whisper" with the Swiss animals, who will include an eagle and llamas, as well as horses, dogs, cats, goats, pigs, and even guinea pigs.

On Friday night Amelia will give an introductory lecture about quantum processes and how the latest model in quantum physics, the Quantum Hologram helps explain the mysterious process of Animal Communication as it provides a link between all living beings in the Zero Point Energy Field and allows different species to understand and "hear" each other.

In the two days that follow, Amelia will teach you how to listen to the animal teachers present as well as your own animals at home. The weekend will be filled with beautiful animal teachers including farm animals, domestic animals, and wild animals, so please leave your animals at home, but please DO bring a photo of your animals at home so that Amelia can teach you to understand what they think and feel.

**Here is a description in German:**

### **Amelia Kinkade in Switzerland Erlebnishof Tüfi, Adliswil bei Zürich Workshop Tierkommunikation 20./21. August 2011**

Wir freuen uns sehr, dass Amelia Kinkade, das weltbekannte Tiermedium aus den USA, auch 2011 wieder in die Schweiz kommt und uns unterrichtet, wie wir mit unseren Tierischen Freunden kommunizieren können. Siehe: [www.ameliakinkade.com](http://www.ameliakinkade.com)

Der Kurs findet auf dem idyllischen Tüfihof an der südlichen Stadtgrenze von Zürich statt. Dieser kraftvolle Fleck liegt direkt am Sihlfuher-Wanderweg Zürich - Adliswil und ist die Heimat von Pferden, Kühen, Schweinen, Schafen, Hühnern, Hasen, Meerschweinchen, Hunden und Katzen und natürlich von der sympathischen Pächterfamilie Meier-Reber, welche den Hof nach biologischen und tierartgerechten Grundsätzen bewirtschaftet. Siehe: [www.erlebnishof-tuefi.ch](http://www.erlebnishof-tuefi.ch) Der Hof ist gut mit öffentlichen Verkehrsmitteln erreichbar: ab Zürich HB in 15 Min. mit der S4 bis Station Sood-Oberleimbach. Es bestehen einfache Übernachtungsmöglichkeiten auf dem Hof (Schlafen im Stroh). Hotels in der Nähe.

Der Schwerpunkt an diesem Wochenende liegt bei der praktischen Arbeit mit den Tieren, im praktischen Erlernen diverser Techniken und Meditationsübungen, wofür wir auch die kraftvolle Natur der Umgebung wie nahegelegener Fluss und Wald nutzen. Da wir an diesem Wochenende vorwiegend praktisch arbeiten, ist der Kurs auch gut geeignet für Menschen, die bereits einmal einen Kurs bei Amelia besucht haben oder anderweitige Kenntnisse in telepathischer Tierkommunikation haben. Für Interessenten ohne Grundkenntnisse bietet Amelia am Freitagabend, 19. Aug. 2011 von 18:00 – 21:00 Uhr ein Theorieseminar an, wo sie die Grundlagen der Tierkommunikation erklärt. Dieses Grundlagenseminar ist für Anfänger unbedingt zu empfehlen. Ebenfalls empfehlenswert ist die vorgängige Lektüre von Amelia Kinkades Bücher „Tierisch gute Gespräche“ und / oder „Tierisch Einfach“.

Wir arbeiten mit den Tieren des Hofes, aber auch mit Fotos (bitte unbedingt Foto mitbringen, auf welchem die Augen des Tieres gut zu sehen sind) und es können, nach vorheriger Absprache mit den Organisatoren, selbstverständlich auch eigene Tiere mitgebracht werden. Diese bitte bei der Anmeldung unbedingt angeben! Anzahl beschränkt.

Der Workshop ist auf Englisch mit deutscher Übersetzung.

Preis für den Workshop, Samstag 10:00-18:00 Uhr / Sonntag 10:00-17:00 Uhr: CHF 350.-  
Preis für den Grundlagenabend, Freitag 18:00-21:00 Uhr: CHF 50.-

### August 26-28, 2011: FRANKFURT, GERMANY

It is a PLEASURE to be working again for my old friend, Wolfgang Maiworm, who originally brought me to Europe years ago when he invited me to teach at his historic beautiful home in the Black Forest. This started a passionate love affair between Amelia and Germany that sent her flying back to Germany at least three times a year for the last decade. Mr. Maiworm is the animal champion who generously introduced Amelia in Hamburg, Hannover, Berlin, and Frankfurt, and he is the reason she is now teaching in Munich, Cologne, as well as Switzerland, the Canary Islands, Austria, and even a castle in France! Please come celebrate Wolfgang's NEW SEMINAR CENTER in the countryside outside of FRANKFURT!

This will be Amelia's first time to visit and teach at this magnificent new venue and she will welcome back her returning students with open arms and well as meet new animal lovers and help foster their communication with their own beloved animals at home. The seminar starts Friday night and ends on Sunday afternoon. It's not too late to sign up for this magical event!

## October 15-16, 2011: THE CANARY ISLAND OF LANZAROTE

### The Canary Island of Lanzaroté - "Animal Communication on the Moon."

Amelia says... "It is an incredible honor to be invited back to the peaceful pyramid where I teach on the charmed island of Lanzaroté. I feel that this volcanic island is one of the most sacred energy vortexes on earth and a vacation spot of dazzling and mind-altering beauty. It is my privilege to ask my students to join me on this magical island, what some say is the last remaining tip of Lumuria, the Mother Land.

"The terrain gives us no choice but to leave our problems at home and surrender into the raw beauty of this mystical experience. Lanzaroté has an other-worldly beauty with its stark vistas, endless aquamarine seas, and passionate churning sky that makes you feel like you're on another planet.

"It helps you leave the past in the past and relinquish the pains and limitations of yesterday. Lanzaroté provides an environment of transformative healing that allows you to make intuitive growth possible.

"Please join me on this heavenly island to study animal communication and combine it with a refreshing vacation. This adventure on Lanzaroté will expand your heart and mind and help you bless you animals back home."

## October 21-23, 2011: THE ISLE OF MAN, UK

It is with great pleasure that Amelia returns to teach on the Isle of Man, a magical mystical island in between England and Ireland. This green lush island has a fascinating history and the healing facility, Brightlife, has become a place so close to her heart, Amelia goes back year after year.

Brightlife is one of Amelia's most intimate groups and it garners her most international students. Animal lovers fly from all over the world, as far away as Brazil, the middle East, and Australia to study animal communication in this quiet private environment, a beautiful healing center tucked away in the hillside amongst green rolling hills covered in baby lambs.

The food is gourmet and the accommodations are 5 star. Please join Amelia here and learn what your animals REALLY think and want. Animal teachers will be present, including the infamous "Tinker," the hilarious Jack Russell Amelia talks about wherever she speaks, and horses will also participate in order to teach you how to "whisper" with them.

*Please sign up early as this course fills up fast. Please visit [www.Brightlife.com](http://www.Brightlife.com).*

**Tell your animals how much you love them every day, every hour, every minute, and put your focus not on the man-made world, but on the God-made world, where Mother Nature was allowed to create her Masterpieces, the embodiment of unconditional love... the animals. Take my hand as we comfort the earth's animals in these times of change. Be strong for those who need you, even if they have four legs, or no legs, fins, or wings.**
