 The Wedding of the Year! Thank you Gainsborough StudioOn for taking these amazing photos at Sfera's.

We picked a beautiful family... Taryn, Ryan and there two kids Kiarra and Kayden. They've been engaged for two years but been together for 15 (High School sweethearts).

They started their family young and started up their own business, haven't able to afford to get married. The kids are desperate to see them tie the knot and often ask why they're not married.

The Wedding of the Year!

The parents gave up control of the wedding and let their children do all the planning! The kids (with our help of course).

In 2012 we experienced an Adelaide first! SAFM along with Sfera's held the very first Man Made Wedding! The Groom picked everything, did all the planning, with Bride kept totally clueless as to what he was selecting for their big Wedding Day at [Sfera's](#)!

In 2013 we did it all over again, but with a massive twist – it's a **KID MADE WEDDING!**
